

# BELGIUM-WALLONIA

@ INTERTRAFFIC 2024

AMSTERDAM - RAI Exhibition Centre

Holland Complex, Hall 10

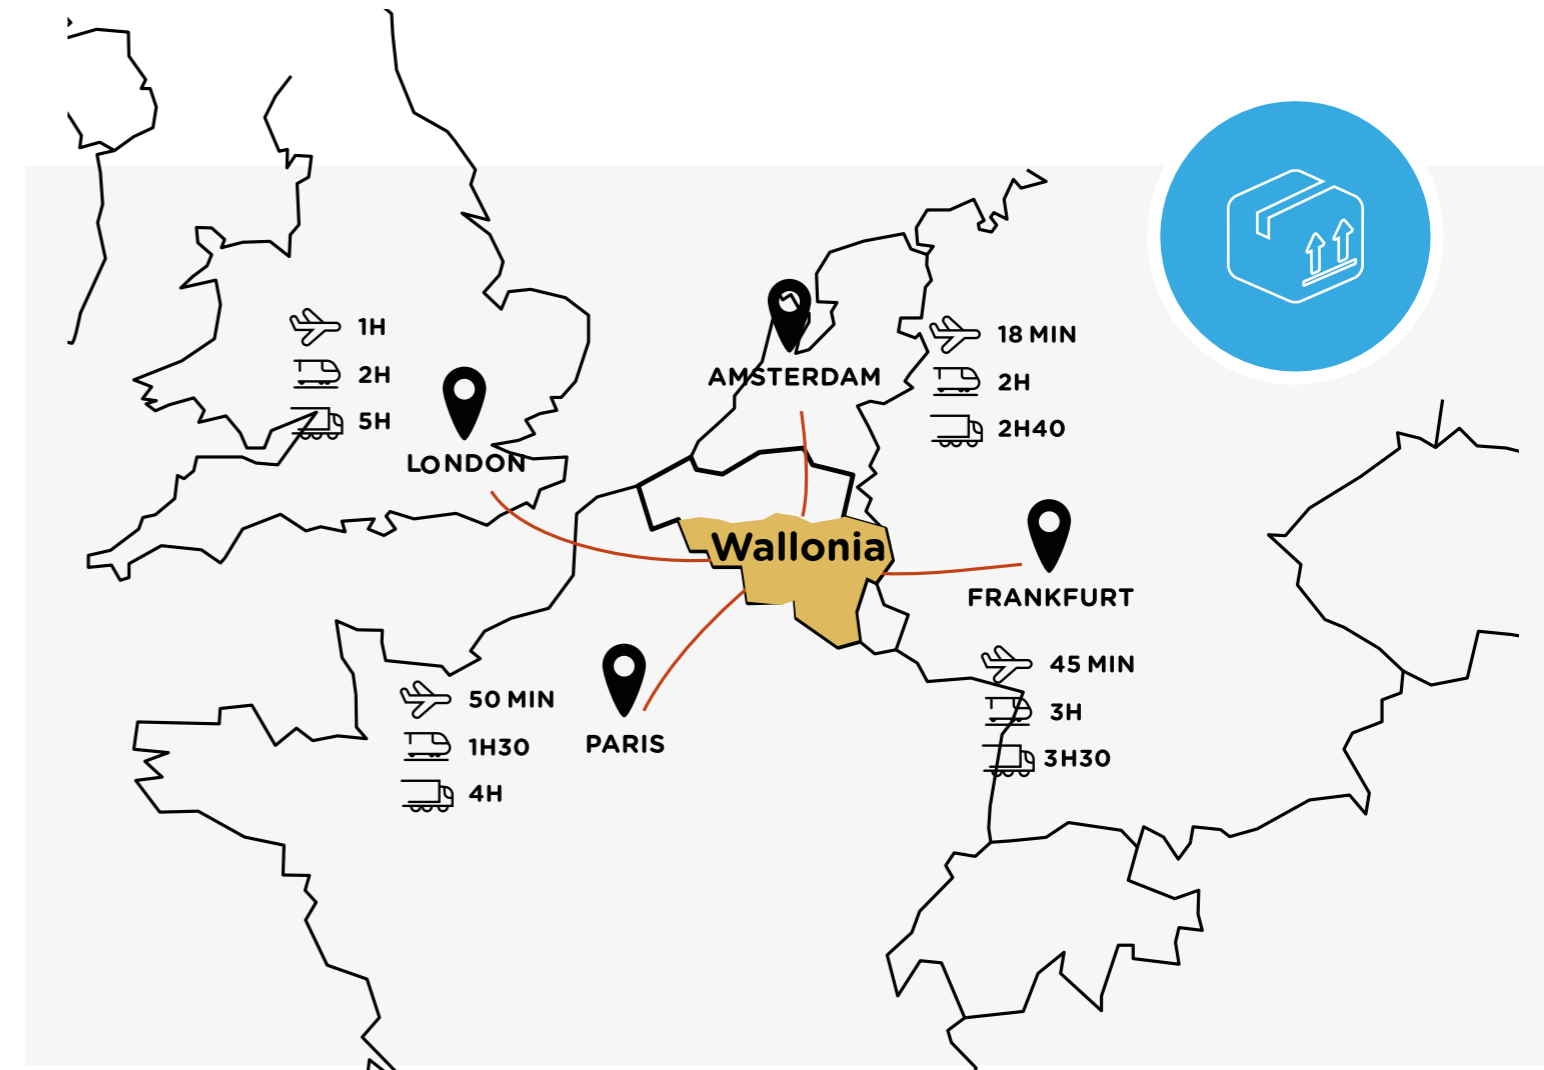

Booth: 10.126

16 to 19 April 2024

AMSTERDAM - RAI  
Exhibition Centre

**Wallonia.be**

Wallonia has an excellent logistics infrastructure and «multimodality» is the keyword. **Liege Airport** was awarded the title of **best cargo airport in the world** for the year 2020. You will also find yourself well supported : the actors of the sector are gathered in the «Logistics in Wallonia» cluster.

# WALLONIA EXPORT & INVESTMENT AGENCY

The Wallonia Export & Investment Agency (AWEX) is the institution in charge of the development and management of Wallonia's domestic and international economic relations.

Through a personalized, innovative, and sustainable approach, AWEX supports Walloon companies - regardless of their size, sector, or target market - in every step of their international endeavors. This includes exports, technological partnerships, and development abroad.

The agency's vast network of connections ensures the best advisors are always by your side. Our local anchors and agents abroad are capable of providing unparalleled insight to take your company to the next level. In addition, our connections will help establish your business in the global marketplace and promote it throughout the world. Training, incentives, and international financing are also available.

AWEX is also committed to strengthening Wallonia's position as the premier gateway for international investors seeking success in the heart of Europe. We work closely with them to inform, convince, and advise in every stage of their development.

Feel free to get in touch with one of our local or international agents via our websites listed above.

In our network of more than 400 employees in nearly 100 countries around the world, there is always someone ready and willing to support you in your approach.

### ACTIVITIES, PRODUCTS AND BRANDS

Since 1995, Capflow pioneers the integration of intelligent vision systems for seamless management of both public and private car parks. We offer an array of innovative offerings, including the EVC-Smart (intelligent chargers for electric vehicles), alongside solar car shelters. Capflow also provides two user-friendly software suites: FlexiPark (advanced access control) and FlexiGuard (intelligent video recording). Welcome to the future of parking management with Capflow.

### ACTIVITIES, PRODUCTS AND BRANDS

GDTEch is an engineering firm specialising in simulating road equipment according to standards such as EN 1317, EN 12767, MASH, etc. The company adheres to the EN 16303 & NCHRP179 simulation standards. GDTEch collaborates with manufacturers (road safety and security), installation companies and highway authorities. GDTEch is affiliated with associations such as ERF, STA & INTORoads and actively participates in standardisation committees in the EU and US).

### CERTIFICATION

ISO 9001 & EN 9100

**ACTIVITIES, PRODUCTS AND BRANDS**

For over 30 years, NIEZEN SA has specialised in the marketing, distribution, manufacture and installation of signage products and urban equipment. Our aim is to work with those involved in developing public spaces to provide solutions in areas such as well-being, mobility, signage, cleanliness, flowering, etc.

During the Intertraffic exhibition, we are specially presenting our ANDROMEDE waste collector, particularly designed for intensive use in urban areas. Many Belgian cities and towns in Wallonia, Brussels and Flanders have adopted it for its ease of use, its robustness, and the availability of all spare parts. Its timeless aesthetic makes it a discreet and useful object.

**CERTIFICATION**

Company approval category 3 class 3 (Belgium)

**ACTIVITIES, PRODUCTS AND BRANDS**

Safety Product is producer steel, passive safe poles compliant with the EN12767 standard, to be used for street lighting, cameras, traffic lights and smart applications, called ZIPpoles.

ZIPpoles are designed to resist to high winds and to bend in a collision with a vehicle, absorbing the energy of the shock and minimising the risk of injury to vehicle's occupants.

A scientific report has proven that creating "forgiving" roadsides with ZIPpoles saves a lot of lives in single vehicle, run off road crashes.

**CERTIFICATION**

ZIPpoles are CE-marked according EN12767 as HE or High Energy absorbing and are available up to 18 metres. ZIPpole3XL is suitable for heavy duty applications up to 145kg.
